

# st. pat's day CLUB Dinner

Corned Beef & Cabbage, good fellowship and great response provided for a pleasant dining experience for many members and guests.

...and right next door in the Grille Room were the **holy hackers**

Pictured below are special guests of "The Hackers"; junior golfers who played along with the "older" folks and became *Honorary Hackers*.

*Ed. note: Fortunately, they are young enough to overcome the stigma, given time.*

*...until next time!*
